

Lawcover's premium discounts

Explainer video - Transcript

At Lawcover, we work hard to keep your premiums as low as possible, which is why we have a range of ways you can get discounts on your premium. We reward practices with good claims histories, proven risk management strategies and those that practice in low-risk areas.

No and Low Claims Discounts - 15% Discount

A practice with no claims in the past five years, and no claims developing from older years, is eligible for a 15% no claims discount.

Single Small Claim - 7.5% Discount

If your practice has had a single small claim you could qualify for a 7.5% low claims discount.

Completion of the Principals Workshops - 10% Discount

Lawcover offers a wide range of risk management education activities. If all of the principals of a law practice complete the Principals Workshops, the practice becomes eligible for a premium discount of up to 10% each year. This discount continues in subsequent years as long as all principals attend at least one maintenance event each year.

ISO 9001 Australian Standard Certification Discount - 12.5% Discount

If your practice is certified to the ISO 9001 Australian Standard you could be entitled to a 12.5% premium discount. Just provide a copy of your current certificate to our Insurance Services Team when renewing your policy.

Criminal Law Discount - 20% Discount

For solicitors practising exclusively in criminal law, a 20% discount is automatically available at renewal.

You might be eligible for multiple discounts, which in total could reduce your premiums by up to 30%.
